

## *Life on the Water*

---

**Living in this classic coastal community means that life on the water is woven into every hour of the day and night.**

---

Where the sea joins the sky, a refreshing breeze brings a wave of revitalization. Natural wonders surround you. Daily activities become something more. And the love of the water grows stronger each day. This is what it is to live at The Strand, Marin's new luxury enclave at Loch Lomond Marina.

Trumark Homes is honored to have the opportunity to bring this dynamic community at Loch Lomond to full realization. With over 30 years of experience in creating incredible places to call home, they're bringing their know-how to The Strand—a destination living experience featuring attached 2-story townhomes with over 2,000 square feet of natural light-filled space. The Strand will feature three floor plans for a total of 14 residential units close to everything that matters most. These contemporary plans will include varying features such as two-car garages, decks off living spaces, and all the recreation and convenience of the San Francisco Bay. This is casual yet sophisticated living on the bay.

LOCH LOMOND MARINA

## *A World of Many Small Worlds*

---

**At the heart of Marin, the sun never sets  
on all there is to see, do and experience.**

---

Life is yours to celebrate at The Strand, and every daily encounter is an experience in itself. Paddleboarding, kayaking and windsurfing opportunities abound, and the Larkspur Ferry takes you to San Francisco for everything you desire about the city. Just outside the vineyards of Wine Country and the Golden Gate Bridge, The Strand caters to a lifestyle that can only reside in Marin.

It's a destination that changes everything, from the way you see the world to the way you live in it. It's strolling to Andy's Local Market for fresh baguettes on the boardwalk. Down the road in the heart of San Rafael, one-of-a-kind boutiques, restaurants and events showcase a style all their own. Whether it's horseback riding, camping or biking the trails at China Camp State Park or shopping at local plazas, the privileges of San Rafael are boundless—and the choices are entirely yours.
